as operated by Town & Country Utilities and Babcock Ranch Irrigation

### ***Backflow Device Certification Notification***

Date: *Month 00, 0000*

*Customer Name*

*123 Industrial Drive*

*Babcock Ranch, FL 33982*

#### **RE: Mandatory Backflow Device Testing**

As part of Babcock Ranch Water Utilities ongoing program for the detection and elimination of possible hazards associated with cross connections, the testing of your backflow device is required as specified in the Babcock Ranch Community Independent Special District Cross-Connection Control Policy (CCCP).

All properties within Babcock Ranch must utilize reclaimed water for irrigation and are required to adhere to the CCCP, which requires periodic replacement or testing of the backflow device.

Please consult the enclosed list of certified Cross Connection Control inspectors to have this testing completed by the below due date. Your Cross-Connection Control Certification Provider must submit the attached completed report to the Utility for its records.

**DUE DATE:** \_\_\_\_\_

Your cooperation on this matter is appreciated.

Sincerely,

Jon Meyer, Utility Director
