

Babcock Ranch Water Utilities

as operated by Town & Country Utilities and Babcock Ranch Irrigation

Wastewater Usage Credit Application

Please complete form legibly and return to UtilitiesCustomerService@BabcockRanchCommunityISD.com

This form is used to document water used that did not flow into the wastewater system such as filling pools. The customer must notify Babcock Ranch Water Utilities ("BRWU") five (5) working days before this activity so the water meter reading can be collected before and after the event. A credit will be given for wastewater charges corresponding to the volume of water used but not introduced into the wastewater collection system. The base fees will remain unaffected.
